

Mathematics 205
Fall, 2010

Instructor:	James Preen (email: james_preen@cbu.ca, phone 563 1181)
Office:	A-129A (first floor, A-wing, at the bottom of the ramp)
Office Hours:	Monday to Thursday 2pm to 4pm.
Class meetings:	Monday and Wednesdays at 4pm in B208.
Textbook (optional):	any introductory discrete mathematics book For Math and Computer Science students: Discrete and Combinatorial Mathematics: Ralph P. Grimaldi
Grading:	Mid-term test 20% Assignments, Tests 40% Final exam 40%

There will be one **mid-term** test, held in class **about halfway through the course** and tests will be given following completion of each section of the course. The final exam will be held during the regular examination period in December. All tests and exams will be **open-book**; any notes or books are allowed to be consulted during them.

Past exams, questions and handouts for the course's previous incarnation as Math105 are available on the web at <http://faculty.capebretonu.ca/jpreen/205/index.html> and extra questions may be assigned or requested at any point in the course. Students are encouraged to ask for clarification on the material both during and after classes. Academic regulations concerning penalties for plagiarizing and cheating (as in the academic calendar) will be enforced in this course. A supplementary examination for the course will not be offered.

Major Topics:

- Sets, equivalence relations and functions
- Logic and proofs, including math induction
- Basic combinatorics
- Introduction to graph theory
